

CONTEMPORARY COLLECTION BY **GRAFF**

Polished and elegant, **Qubic** represents an architectural element with a defined contemporary design. The collection boasts of a deck-mounted and wall mounted elements and the shower, including a shower column and several matched accessories. Crafted in emptied brass, with a minimum level of nickel and lead, and realized in compliance with all drinking water regulations. In the widespread 3-hole version - Qubic Tre- the collection is characterized by a different, thinner lever which runs as a distinctive point through the whole collection. The range is available in polished chrome, Steelnox® (satin nickel), black and white.
