SPA-LIKE SHOWER EXPERIENCE

GRAFF has introduced their new Thermostatic units that come equipped with a control button. This fixes the temperature at a desired level, thus preventing any accidental burns while offering the pleasures of a spa-like shower experience. This new collection from the global trend-setter of innovative faucets and shower systems, come in over 20 finishes including the new ultra-resistant PVD finishes. The units are compatible with GRAFF's M-series concealed sets, which lets you control up to seven different outlets with only three handles. The thermostatic elements ensure uniform temperatures during the whole duration of the shower.

PANTONE-INSPIRED SEATING

Taking a cue from the Pantone Colour of the Year for 2020, the premium furniture store IOTA has unveiled a classic blue sofa collection from the French brand Ligne Roset. The Ploum sofa in the collection combines a stretchable cover and an ultra-soft foam, for maximum comfort. The ample dimensions can seat up to four people and the free form allows for sitting, stretching out or even laying down. The Moel 2 incorporates a new style of quilting with interrupted stitching, and its softly rounded lines create a high degree of comfort. The solid wood structure of the Ruché is complemented by the traditional element of quilted duvet. The final item in the collection called COVER has a removable cover, which is draped over the structure like a throw.
