It's All About Home (IAAH), a home-ware solution brand has introduced a range of products that capture Fall 2017. The winter collection celebrates minimalist design, handcrafted materials, chevrons, botanical prints and employs monochrome tones with dashes of bold hues. They also have upholstered furniture from sofa chairs to pouffes that suit different homes and living situations. The new textiles come in bold, graphic patterns to fit the season. Handmade rugs and bed linen with a historical factor are also presented, each rug carrying signs of the weavers' skills.

DESIGNER BATHROOM COLLECTION

GRAFF, manufacturer of faucets, introduced 'EXPO', a new furniture collection for the bathroom. Developed around a simple wooden frame, EXPO is a creation by Studio Nespoli e Novara. The chest of drawers is made of wood which provides a considerable storing space and the option of a set of practical dividers. The natural and open concept of the collection is also visible in the mirror: with a wooden structure and a circular shape, the mirror displays a symmetrical look. The collection is completed by a set of hanging wood shelves with a design that resembles a ladder, resting on the wall. EXPO is available in a matte white varnished finish.
