

At first glimpse the bathroom comes across as the dullest room in the house - tributary to its functional and prosaic means, but the arrival of a whole new range of products has totally revamped its image.

**GRAFF**  
**AMETIS - BASIN MIXER**

Ametis from Graff is a wall-mounted mixer and a symbol of fusion between the universe above and the oceans below. It is a futuristic ode to high design in the bathroom. Drawing inspiration from the density and movement of water and

Japanese text produced by a single brush gesture, it comes equipped with LED lights that change colour with the water temperature.

**KOHLER**  
**MARRAKESH BASIN**

The ceramic washbasin by Kohler, 'Marrakesh' was named after the city and is the focal point in any bathroom. It displays an abstract floral pattern inspired by the work of local artists. The pattern on the extended surfaces on either side that serves as a shelf comes from mosaics rediscovered in a Moroccan courtyard. It comes in an under-mount system of fit-out.
