**1.** The Ametis Ring showerhead from **GRAFF** offers a luxury experience. The highly original design integrates LEDs at a six-color spectrum within the ring to support chromatherapy and different lighting “moods.” It also switches between a gentle flowing rain and waterfall settings. Available in chrome, architectural black, or white finishes. [graфф-faucets.com](http://graфф-faucets.com)

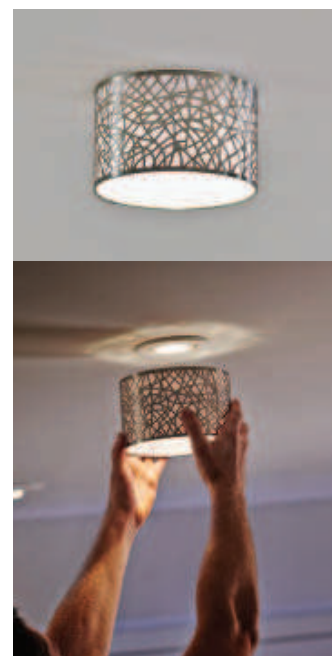

**2.** The Painterly Collection from **3form** brings an elegant calm to any interior. Five designs range from bold to delicate strokes and are hand-painted, photographed, then encapsulated in either Varia Ecoresin or Infinite Glass. Five colors are available in translucent for partitions, doors, or ceilings, and opaque for wall applications. [3-form.com](http://3-form.com)

**3.** **EZClipse** transform recessed lighting into defining structures. One of five shade options can be attached to a patented magnetic fastening system, giving any interior a whole new look. They’re available in universal sizes and compatible with more than 85 percent of recessed lights. [ezclipse.com](http://ezclipse.com)
