RACOLD THERMO

Racold has introduced a new range of electric storage water heaters Andris designed by renowned Italian designer Umberto Palermo. The range is available in capacities of 10 litres, 15 liters and 25 liters across two variants Andris Lux and Andris Lux Plus. The new collection has a titanium enamel coating on its inner tank which provides durability even in the harshest of water conditions. The combination of compact design and thick PUF insulation makes it highly energy-efficient. Also, as the product can withstand high pressure, its perfectly suited for high-rise buildings as well.
