

THE COMPLETE PICTURE

A huge range of styles have evolved and impressed in order to define new collections for today's bathrooms to delve into. Let's take a look at 'the complete picture' that companies are introducing.

GRAFF SENTO COLLECTION

Utilizing the latest manufacturing technology, Graff's commitment towards creating cutting-edge, premium collections is evident in each and every product. Lightness and strength are the key inspirations that created this collection. Its minimal yet sensual design is defined by clean, simple lines that result in a strong visual impact. It offers a wide range of wall and floor mounted options.

TEUCO NAUHA COLLECTION

Nauha meaning "ribbon" in Finnish, expresses all the harmony and balance of shapes focusing on well-being with its romantic charm. It is defined by a recurring theme throughout the entire collection and its soft and sinuous movement is inspired by the synchrony of natural shapes. The acrylic bathtub stands out with the washbasins available in sit-on and wall mounted versions. It is available through FCML India.

Personal tastes highlight and distinguish the choice of curios that enliven your bathroom's dead spaces.

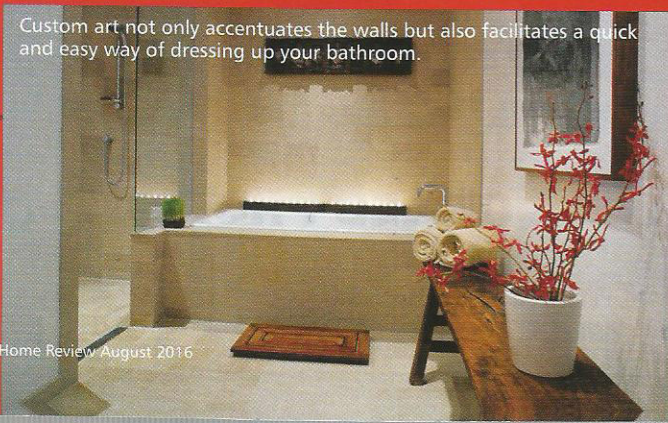

Statement feature tiles like the ones by Bisazza lend a striking look that add charm to your space.

ACCESSORISE WITH STYLE

Decking up the bathroom has always been challenging, for how much can you do with the available space? But with various products defining new styles, accessorising your bathroom has become a fun endeavour.

Custom art not only accentuates the walls but also facilitates a quick and easy way of dressing up your bathroom.

Stools and freestanding clothes hangers from Graff add to the luxury quotient as well as feature as a strong element of design.
