

## Happenings

### Fixtures of Choice

**GRAFF HAS BEEN SELECTED** to provide customized bathroom plumbing fixtures for residents of ONE57 above the Park Hyatt hotel in New York City. The company created special versions of its Targa and Solar faucets. The modified solid brass Targa faucet (shown) features non-curved handles and is suitable for mounting on a thicker surface.

**MICHAEL MENN**, a remodeler, architect and new *KBB* Editorial Advisory Board member, recently won the 2016 National Association of Home Builders Remodeler of the Year Award. He was recognized for his business management skills and efforts to help the remodeling industry thrive.

**TROY BENAVIDEZ** has been appointed vice president, public affairs, for LIXIL Water Technology Americas. He serves as the company's spokesperson and is responsible for its corporate communications, social responsibility and government relations and will represent it in matters with industry trade groups.

### Laufen in Spain

**LAUFEN CHOSE DESIGNER PATRICIA URQUIOLA** to design its new showroom in Madrid. The two-level space emulates a villa from the 1900s and is specifically geared toward architects and designers. Each room is framed by tubular black iron with a gold, galvanized finish in the corners. Materials include marble, onyx, oak and glass.

**RUTT HANDCRAFTED CABINETRY** RECENTLY HONORED more than 30 of its top showrooms with 2014 and 2015 bronze, silver, gold and platinum sales awards at its bi-annual National Dealer Conference in Leola, Pa. Pictured are the platinum winners from the Bilotta Kitchens locations in New York City and Mamaroneck, N.Y.

### SHOWROOM HONORS

**SHERWIN-WILLIAMS** is the first paint manufacturer to be certified in the Underwriter Laboratories' Product Lens program, an ingredient disclosure tool that provides hazard information across a product lifecycle. The company's ProMar 200 Zero VOC interior latex paint is the product certified by the program.
