

# New on the market

## GEBERIT CLEANLINE

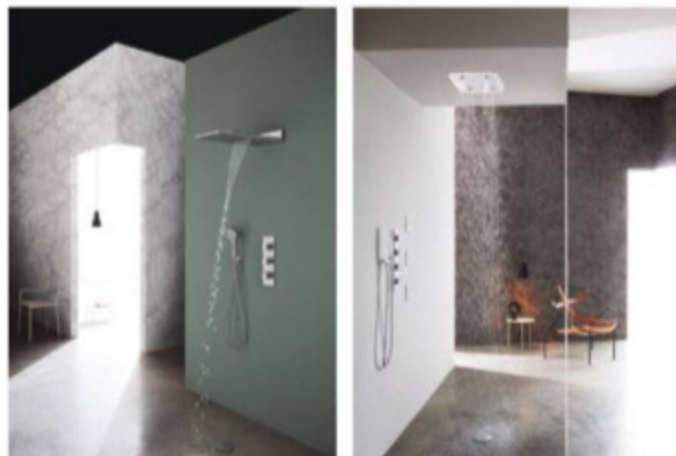

Geberit has launched new shower channels with CleanLine, which are innovative and also tick all the boxes when it comes to cleanliness and hygiene. Dirt could easily accumulate under the cover in a conventional shower channel but CleanLine offers an ideal solution as it has no hidden edges or corners in difficult-to-reach places. Plus, the small inlet connector cover with integrated comb insert can be removed and cleaned. Also, the brushed stainless steel channels can be cut to suit the precise size of the showering area.

## GRAFF AQUA-SENSE SHOWER

The Aqua-Sense is a highly technological shower collection with water, light and sound orchestrated in harmonic balance, delivering a deeper sense of wellness to its users. The electronic system comes with a ceiling-mounted shower-head and creates an intense rainfall as well as waterfall jet. The RGB LED changes colour, shaping diffused chromatic lines to produce a soothing effect. The system is controlled by a touchscreen with a simple and intuitive interface to manage water functions, colour modes, music and videos. Music can be easily uploaded by connecting an iPod to a wall-mounted USB port, while the speakers are ceiling-installed.

## VIGNETTE COLLECTION BY PRAYAG

The new high-end Vignette collection of faucets and bath accessories by Prayag capitalises on sparkling metallic tones. The finish and colour tones – Matt Pure Gold and Gloss Steel – is obtained from advanced PVD technology that gives longer application life than a conventional chrome finish. Made from the finest grade of stainless steel, the collection is tough, maintenance-free and corrosion- and scratch-resistant. It also comes with a year's guarantee.
