Antica Ceramica Introduces "Stone Passion"

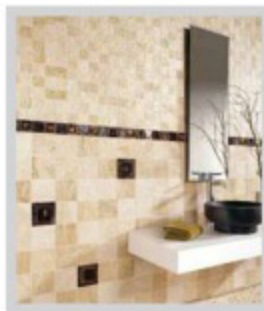

"Stone Passion" tiles series from DOMUS from Peronda (Spain), launched by ANTICA CERAMICA is a perfect option for walls and flooring for your home and workplace and allow you to create a unique environment tailored to your specific tastes.

According to Mr Rahul Bhugra-MD- Antica Ceramica, "The "Stone Passion" series is inspired by natural stone with reliefs and hipermaterials graphics satisfying the high demand for natural looking tiles. Product between the cosmopolitan and rustic chic, a concept of structure, colour, graphics and surface finish can decorate rooms ranging from rustic to contemporary, coating

both walls and floors. "Stone Passion" collection opens a huge variety of applications for inside and outside use thanks to its reliefs and finishes and offers a natural stone coating making as an ideal product for a warm habitat. His physical application can range from decorative walls, terraces, bathrooms, kitchens, floors home, halls where aesthetics you need may vary from rustic to classic to modern and minimalist spaces where Mediterranean intend to breathe air that evoke these stones into cutting edge spaces".

These tiles are cost effective and easy to maintain as compared to natural stones.

GRAFF Unveils UNI-BOX Shower Enclosure

GRAFF, the worldwide manufacturer of innovative faucets and shower systems has now come up with their latest UNI-BOX Shower creation. GRAFF, manufacturer of contemporary precision-engineered kitchen and bath products continues to raise the bar with the launch of UNI-BOX, a "universal-box" system that allows the installation of five different shower products through a unique concealed element.

The five solutions i.e. a shower mixer with 2 or 3 outlet diverter, or a thermostatic units with a cut-off valve, 2-outlet or

3-outlet diverter are available with both round or square designs to create a clean, minimalist, aesthetic for the bath.

Fusing technology with sophisticated design, UNI-BOX, which is exclusive to GRAFF, is engineered to offer the best in terms of functionality, reliability and durability. The whole system allows a great level of flexibility in application, as the concealed box can be mounted during the first phase of the bathroom space set up, leaving the possibility to decide which mechanism to adopt, to a later stage.
