

**CRYSTAL FAUCETS  
TRACK SINGLE CONTROL  
ACQUACLIMA® THERMOSTATIC  
SHOWER MIXER**

Designed to adapt to Indian conditions of varying water pressure and salinity, the Ark products combine European style and grandeur with a tough Indian core. The track single control Acquaclima® thermostatic shower mixer offers a time tested reliability and the freshness of nature in every drop.

**KOHLER  
ARTIFACTS® BATHROOM SINK SPOUT WITH  
COLUMN DESIGN 72760**

The Artifacts collection is timeless and classic in its inspiration. Modern technology and quality craftsmanship combined with an artisanal design aesthetic lends a unique character to the bathroom. Further, the collection includes faucets, accessories, showers and a variety of finishes. Thus, the customer has the option of coordinating a unique and personalised look. This particular Victorian-inspired bathroom sink spout features an elegant column design and easily becomes the central piece around which to build the rest of the room.

**GRAFF  
SADE**

Graff has now come up with their latest SADE collection, the expression of a unique design. SADE's silhouette is definitely its hallmark and the harmonious movement of the faucet body recalls the natural gush of water, like an old fountain transformed into a stylish and contemporary object. SADE collection derives from the encounter between clean and modern lines with technology and selected materials. The faucet is a real piece of furniture carrying a contemporary concept and net geometry.
