Decorative linear channel drains for modern design

LUXE LINEAR DRAINS adds a Roman-style range of decorative linear pattern grate drains for modern designed, custom showers. Delivering waves of visual movement in a timeless style, the architectural-grade, stainless steel linear shower drains can be used to create barrier-free, zero-threshold, ADA-compliant showers. The decorative linear shower drains come in six sizes, ranging from 26 in. to 60 in. in length.

Water-saving high-efficiency toilet

SUSTAINABLE SOLUTIONS INTERNATIONAL (SSI) announces its ultra water-saving single-flush high-efficiency toilet called No Clog Point 8. Utilizing 0.8 gpf, the toilet features a trapway that is double the standard industry size, and its flush technology is not dependent upon pressure or vacuum-assisted mechanisms. The ADA-compliant toilet has an Easy Height, elongated bowl and includes a soft-close seat. Its Easy-Clean bowl glaze coating helps resist stains, markings and hard water deposits.

Kitchen collection inspired by arts and crafts movement

BRIZO's Litze Kitchen Collection melds clean and contemporary sensibility with an artisanal touch. The collection features three distinct spout options—arc, square and angled—in addition to an articulating option that can be paired with the Knurled Lever or Industrial Lever handles. Inspired by the revival of the arts and crafts movement, the collection is offered in a Matte Black/Brilliance Luxe Gold split (shown), Brilliance Luxe Gold, Polished Chrome, Brilliance Stainless and Brilliance Polished Nickel finishes.

Countertop dishwasher and sink pairing

STREAMLINE HOODS introduces a Dishwasher Sink Combination that is top-mounted and comes with a complete accessories package that includes a draining basket, sealing tape, mounting clips, waste fittings and overflow plastic pipe. Designed for applications where a full-size dishwasher won't fit or isn't needed, the compact-size countertop dishwasher measures 35 1/4 in. by 19 3/4 in. by 23 3/4 in., and its sink bowl volume is 12 1/4 gal. The sink bowl is constructed of 304 stainless steel with a 0.4-in. thickness with black tempered glass.

Spring-loaded lift system for kitchen base cabinets

HARDWARE RESOURCES outfits its Soft-close Mixer/Appliance Lift with a sturdy platform and spring-loaded system to provide mechanical assistance for raising a stand mixer, blender, food processor or other kitchen machines weighing up to 45 lbs. from a base cabinet to just below counter height. Compatible with frameless or face-frame cabinetry, the lift needs to be attached to a shelf at least 3/4 in. thick and no longer than 20 1/2 in., and the shelf can be customized to complement cabinetry or countertops.
