

SHOWCASE

FAUCET COLLECTION IN PRECIOUS FINISHES

GRAFF's Harley faucet collection is inspired by imaginary of the automotive world. Offered in onyx and PVD finish, the collection includes one-hole, two-hole

and three-hole versions for sink, bathtub and bidet; and wall, floor or deck-mounted models. For the bathtub, the free-standing filler stands out for its elegance; for the sink, the manifold wall-mounted versions provide numerous solutions; for the shower area, the collection includes several wall-mounted items, including those compatible with the M-series and Uni-box systems.

SMART BUILT-IN OVEN

FABER's newest FPS 611 BK built-in oven features sensor touch control, large TFT display and soft-opening system.

Cool-touch glass door, removable inner glass, large viewing window, side rack support, and enamelled

interiors are other attractive features. Black glass finish with metallic bar handle and 3-layer door plate makes the appliance more exquisite. Its temperature range is 60-250°C and gross capacity is 83 litres. Further, it is bestowed with memory and reminder functions, automatic on/off program, digital clock with automatic cut-off timer, speed cook, and cooling system.

SENSATION LAMINATE FLOORING

PERGO has introduced Limed Grey Oak laminate flooring under its Sensation range. Limed Grey Oak looks and feels like a floor weathered by the Sun and sand

adding a maritime touch to any room. Featuring patented TitanX™ surface protection, the floor tiles always remain fresh and elegant and are scratch and impact-resistant. They retain lustre much longer than other laminate floors and are easy to clean. Installation is easy with the PerfectFold™3.0 click system.
