STUNNING TRIO IN BLACK FROM KOHLER

KOHLER Co's newest introduction is NOIR, a black ensemble of Veil wall hung WC, Round basin and Forefront basin.

The Veil wall hung is a compact, elongated toilet for extra comfort while taking up the same space as a normal round bowl. Its seat cover is slightly recessed behind the tip of the bowl, to complement

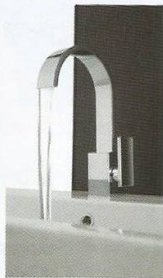

the overall design element. Veil is listed at ₹30,000. Round basin features a spherical shape and boasts a simple silhouette to highlight its minimalist design. Forefront, a sleek and contemporary rectangle basin, features rounded edges.

MINIMAL COLLECTION FROM GRAFF

SADE collection from Graff is marked by clean, modern lines, made from solid brass block internally emptied, and is very low in nickel and lead content in compliance with drinking water regulations. The collection is available in polished chrome

and Steelnox[®], the special satin nickel finish patented by GRAFF and 100% fingerprint-resistant. The flat spout is thicker than normal and gives the entire element a unique sense of proportion. Items include deck and wall mounted faucets with single lever or as a widespread set, for bathrooms and for the shower.

LUXURY SPA CONCEPT FROM GROHE

GROHE's AquaSymphony transforms the concept of showering into a luxury spa experience with its impressive 1016x762mm size. Its operational modes

include AquaCurtain water droplets; Light Curtain lights for chromotherapy; eight Bokoma Spray nozzles; Rain Spray for very large and soft droplets; and Pure Spray for straight-falling water. Also, the F-digital Deluxe base unit, when connected with an iOS or Android mobile, allows the use of GROHE SPA app for control of light, sound and steam.
